

## Plant Disease Clinic

### Summary of Plant Identifications 1998

| Scientific Name                | Common Name        |
|--------------------------------|--------------------|
| <b>A. Higher Plants (36)</b>   |                    |
| Family: Aquifoliaceae          |                    |
| <i>Ilex crenata</i>            | Japanese Holly     |
| <i>Ilex crenata</i>            | Japanese Holly     |
| <i>Ilex glabra</i>             | Inkberry Holly     |
| Family: Araliaceae             |                    |
| <i>Hedera helix</i>            | English Ivy        |
| Family: Asteraceae             |                    |
| <i>Centaurea montana</i>       | Mountain Bluet     |
| <i>Erechtites hieracifolia</i> | Fireweed           |
| <i>Galinsoga quadriradiata</i> | Galinsoga          |
| Family: Balsaminaceae          |                    |
| <i>Impatiens balsamina</i>     | Garden Balsam      |
| Family: Caprifoliaceae         |                    |
| <i>Lonicera morrowii</i>       | Morrow Honeysuckle |
| <i>Lonicera morrowii</i>       | Morrow Honeysuckle |
| <i>Viburnum</i> sp.            | Viburnum           |
| Family: Cupressaceae           |                    |
| <i>Juniperus</i> sp.           | Juniper            |
| Family: Euphorbiaceae          |                    |
| <i>Ricinus communis</i>        | Castor Bean        |
| Family: Fabaceae               |                    |
| <i>Crotalaria palida</i>       | Smooth Crotalaria  |
| Family: Fagaceae               |                    |
| <i>Castanea mollissima</i>     | Chestnut           |
| <i>Quercus</i> sp.             | Oak                |
| Family: Hydrangeaceae          |                    |
| <i>Hydrangea paniculata</i>    | Panicle Hydrangea  |
| Family: Moraceae               |                    |
| <i>Ficus</i> sp.               | Ornamental Fig     |
| <i>Morus rubra</i>             | Red Mulberry       |
| Family: Oleaceae               |                    |
| <i>Fraxinus americana</i>      | White Ash          |

| Family: Unknown                                                                                         | Insufficient Sample<br>Weed Identification<br>Weed Identification |

### B. Fungi (15)

|                       |                  |
|-----------------------|------------------|
| Class: Basidiomycetes |                  |
| Amanita sp.           | Amanita          |
| Amanita sp.           | Amanita          |
| Amanita sp.           | Amanita          |
| Amyloporus sp.        | Polypore         |
| Ganoderma lucidum     | Varnished Conk   |
| Ganoderma sp.         | Ganoderma        |
| Mutinus caninus       | Common Stinkhorn |
| Phellinus sp.         | Phellinus        |
| Schizophyllum commune | Schizophyllum    |
| Scleroderma cepa      | Scleroderma      |
